02/03/25 Meeting Minutes:
- Planning to submit our research findings to a top-tier conference. You will learn about research and paper writing. You will be a coauthor with us. This will be SOLID plus to improve your resume.
- You are NOT allowed to work on multiple research projects simultaneously.
- We will try to meet weekly. It is mandatory to be physically present at IITK during the SURGE period.
- More fine-grained problems will be given to you once we begin the SURGE.
- You will be given small assignments that you have to work on.
- I will share this week's material with you. We will try to meet next weekend and discuss more about this.

LLM Basics:
- [Video-1h] Busy person's Intro to LLM
- [Video-3.5h] Deep dive into LLMs
- [Video-1h] Basics of prompting. [Slides]
- [0.5h] Getting Familiar with OpenAI API calling
  - Getting started
  - Deeper into text generation
  - Please get familiar with how to work with these APIs and what kind of options we can have.
